Summer Recreation

The Ada-Borup School District will be running the Summer Recreation Program once again this year.

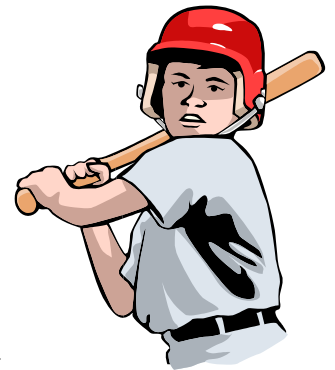

Thank you for continuing to support our school and this program. Your activity fees help pay for the costs that come with the operation of a program like this and allow us to offer our students the best opportunities for their summers.

A majority of the Summer Recreation program will start during the week of June 5th, but a few could start earlier. There may be other activities taking place at the school and/or throughout the community and we will do our best to work around them.

Please check the start dates for each activity.

Please take some time to review the following pages.

If you have any questions about any of the information, please contact Jason Smith at (701) 238-8490 or e-mail jasons@ada.k12.mn.us. We will continue to use the Summer Recreation Hotline phone number of 784-5534. Please call the number to get scheduling and weather related changes. Changes will also be announced on KRJB.

Open Gym and Weight Training

Grade: Jr. & Sr. High School Students for 2017-18

SPORTSMANSHIP ENCOURAGED

Our coaches will be stressing sportsmanship for all their team members. Sportsmanship is also important for the parents to display. You are not allowed to complain to the coaches. Also, there should be no yelling at umpires or players. Coaches will do the coaching, please do not tell the players what to do. If you have any concerns, please contact Jason Smith. We want our coaches, as well as the participants to have an enjoyable experience.

SUMMER STEM CAMPS

The Ada-Borup School District will be offering the new STEM enrichment program this summer. During these sessions we will focus on Science, Technology, Engineering and Mathematics with hands on learning activities. The knowledge in each of the discipline areas are essential for student success and directly related to the real world. STEM is a problem-based learning approach that helps students develop critical thinking skills all-the-while exploring the world around them. Ada-Borup staff members will be leading the instruction with the help of special guests who work in the field. Come and enjoy the world of Math & Science!! It will be a blast!!
